

## Girls—Do You Know Why Your Hair Is Ugly?

It's amazing how much pretty hair does towards producing the appearance of youth and beauty so much desired by women of all ages. It's really a simple matter for any woman to merit this praise since beautiful hair is only a matter of care.

When your hair becomes faded, dry, streaked and scraggly, when it falls out badly and new hair cannot grow, the roots must be vitalized and properly nourished. To do this quickly, safely and at little expense, there is nothing so effective as Parisian sage (liquid form) which you can get at any drug store or toilet counter.

It's guaranteed to abolish dandruff, stop scalp itch and falling hair, and promote a new growth of money-red hair. It's in great demand by discriminating women because it makes the hair so soft, shiny, lustrous, easy to arrange attractively, and appear heavier than it really is.

A massage with Parisian sage is a real delight—easy to use, not sticky or greasy, and daintily perfumed—an antiseptic liquid free from dangerous ingredients, and guaranteed not to color the hair or scalp. If you want good looking hair and plenty of it use Parisian sage. Don't delay—begin tonight—a little attention now insures beautiful hair for years to come. The Lee & Osgood Co. will supply you.

**RAILROAD PARTY AT THE SPIRITUAL ACADEMY**  
Unique Entertainment Held at Regular Monthly Social.

On Monday evening, the vestry of the Spiritual Academy on Park street was the scene of a most unique entertainment. It was the regular monthly social of the Help and Encourage society and in this case assumed the definite form of a Railroad Party.

The excursion, a personally conducted one, left the Park Street station at 8 o'clock and as far as the station was concerned, it was a New London representative character boarded the train. A Motion Picture manager and troupe, representing the more famous London stage, were conspicuous passengers. A trip to the lunch counter at New London was interrupted by the arrival of a wedding party from Waterford. Once aboard they were the target for criticism and comment and the trip through Honeymoon Tunnel was a memorable one. Overgrown children and fussy women caused the genial conductor, E. A. Dewett, no end of trouble, but he proved equal to the emergency and carried his party safely to Schenectady. From there the party went on a scenic train, where Don Houston assumed charge, showing many delightful views of points of interest in and about New England.

Mrs. Gertrude Tootill, president of the society, was assisted by Dr. Capron, train announcer, Charles Dowsett and a wonderful coterie of curious characters. The lunch counter was in charge of Mrs. W. O. Woodman and able assistants, and everyone testified to the pleasure derived from this exceptionally novel affair.

Manufacturers of glass jars have been advised by the federal food administration to proceed with their production on the basis of a supply of sugar to meet canning demands. With the promise of a plentiful supply of sugar, farmers can go ahead with plans for increased food production.
